*Mid-Term Break: 30 and 31 September, and 01 November*

*Term 3 ends: Friday, 29 November*

*Kindergarten Graduation & Christmas Production 2024: Saturday, 30 November*

## DID SOMEONE SAY FUN FRIDAY!

### A heartwarming Mother's Day celebration

A day filled with love, laughter and celebration as our school hosted a special fun Friday in honor of Mother's Day. Themed around the joy and appreciation we have for all the amazing mothers in our community, the event was a resounding success, leaving everyone with warm memories and big smiles. The day was a beautiful celebration of the love and care that mothers give every day. We hope this Mother's Day was as special for you as it was for us. Thank you for being such an integral part of our school community.

### A fresh and fruity celebration

The school was bursting with color, flavor, and excitement as we celebrated a yet another special fun Friday themed around all things fruity! The day was dedicated to promoting healthy eating, creativity and having fun with nature's sweetest treats. Fun Friday's fruits day was not only a delicious success but also a wonderful way to promote healthy eating habits in a fun and engaging way.

We're so proud of our students for their participation and creativity and we're grateful to our teachers and staff for making the day such a hit. Here's to more fruity fun in the future!

### SPORTS DAY 2024: FITNESS AND TEAM SPIRIT

This year's sports day at Netzah International School was an exhilarating celebration of athleticism, teamwork and school spirit! Held under clear skies, the event brought together students, teachers, and families for a day filled with excitement, friendly competition, and unforgettable memories. The events were a showcase of our students' athletic abilities and sportsmanship. From the 100-meter dash and bottle filling to relay races and tag-of-war, there was something for everyone to enjoy. The students gave their all, competing fiercely while also supporting and cheering on their teammates. It was heartwarming to see the camaraderie and encouragement that flowed throughout the day; as the parents joined in too!

The sports day concluded with a closing ceremony, where medals were awarded to the outstanding performers as well as all the kindergarten students. But beyond the individual accolades, the real victory lay in the collective effort and school spirit displayed by everyone involved.

Whether they were running on the track, cheering from the sidelines, or helping to organize the events, each member of our school community played a vital role in making Sports Day a resounding success. Until the next one, let's keep the spirit of sportsmanship alive in everything we do.

## VOLUNTEERS' CORNER

### Join our school community and make a difference!

At Netzah International School we believe that a strong and vibrant school community is built on the active participation of parents, guardians and community members. Whether you have a few hours to spare each week or can only help occasionally, your involvement can make a big difference in the lives of our students. Between June and August, **Jonathan, a student at the University of Ottawa, Canada; and Rebekah from USA,** spent considerable time with the students and staff team, sharing their talents and abilities.

"My internship at Netzah International School was a transformative experience that taught me valuable lessons about the importance of interpersonal connections, the significance of a supportive environment and the value of gaining independence in the work place.

The best part of the internship was forming rapport with the students as the weeks went on. It was fun seeing them come out of their shells, getting to know their personalities and their connections to each other.

The skills and insights I acquired during this period will undoubtedly serve me well in my future endeavors, particularly as I pursue my goal of attending law school and working within international organizations. I am grateful for the opportunity to have been part of such a dynamic and nurturing educational institution." **Jonathan**

## Jonathan

“Visiting Netzah was such a joy. The school is filled with students who are eager to learn. They are being invested in academically, as well as spiritually. It is evident the teachers love the work they do and find joy in guiding the students. I was welcomed with great hospitality and encouraged to take part in various activities. Netzah is growing each year and evidently will be a pillar of education within Uganda.” **Rebekah.**

## Rebekah

## NURTURING FUTURE LEADERS!

**Our vision: To raise mature, independent, successful, God-fearing leaders that will change the world for Christ!**

At Netzah International School we are driven by a clear and inspiring vision: to raise mature, independent, successful, God-fearing leaders who will change the world for Christ. This mission is at the heart of everything we do, starting from the earliest stages of education in our kindergarten section. In our kindergarten classrooms, we are not just teaching the basics of reading, writing and arithmetic; we are laying the foundation for lifelong success. We believe that these early years are crucial in shaping the character and future of each child. By fostering a love for learning and encouraging curiosity, we help our young students develop the skills and confidence they need to grow into independent thinkers and problem solvers. Our kindergarten is more than just the beginning of a child's academic journey; it's the start of a lifelong path of growth, faith and leadership. We are excited to see how God will continue to work in the lives of our students and we are honored to be a part of their story.

# READING IS FUN!

BOOK REVIEW BY JEDIDIAH MWESIGWA GRADE 3

**Title:** Benny the Big Shot goes to Camp,  
**Author:** Bonnie Bader.

Benny is going to a sleepaway camp for the first time. He is excited to be going with his friends; when they reach camp, Benny brags that he is the best at everything like sailing, woodwork, fishing, baseball and rock climbing however he kept on failing at all of them whenever he was given chance to lead his friends. This did not make his friends happy because he was not giving them chance to try out for the team. His friends decided to prank him in order to teach him a lesson about bragging.

I learn that I can not always be good at everything and I should give others a turn to teach me. I also learn to forgive anyone who makes me feel bad just like Benny's friends who despite pranking him, decided to forgive him and allow him one more chance. During their overnight trip, Benny insisted that he knew and his friends allowed him to lead them back to the camp which he did.

## PROJECTS! (GRADE SCHOOL)

A school project is an educational activity designed to give students hands-on experience and deeper insight into a particular topic. It often involves research, creativity and problem-solving skills, allowing students to explore subjects in a more engaging and practical manner. This term, the grade school students were engaged in a number of projects based on what they have studied like sound, punctuation marks, the four seasons, classification of animals, effects brought by floods on earth, disobedience of man and its effects today, the role of gravity, the contribution of air in the formation of rainfall. Through these projects, students can apply what they've learned in the classroom to real-world situations, enhancing their understanding and retention of the material. These projects also encourage critical thinking and the development of presentation skills, making them an essential part of the learning process.

**A blessed holiday!**
