

JULY 2022

# JULY NEWSLETTER

## Hello Netzah family

Welcome to our newsletter  
of term II, 2022.

### IMPORTANT DATES

*Term II ended on  
05 August.*

*Term III will start on  
05 September, 2022.*

*Half term break for term III:  
02 to 04 November, 2022.*

*Christmas production and  
inaugural kindergarten  
graduation ceremony  
- Saturday, 03 December  
2022.*

*Parent-Teacher Conferences:  
05 to 09 December 2022.*

## Kindergarten Curriculum Day

Parents came along before term two started, to learn what the students are taught in school. This was done so that the parents are able to guide the children during assignments and for further support of school projects. It was an interesting time of learning sounds, numbers, blending and reading. Well done parents and keep supporting the students at home!

## Reading is Fun!!!

Ronne Randall captivates our attention in this simple book about football. We get to see a team that is not good enough at first and seeks to be better daily. This is the same for each of us especially when we first try out something new. Sometimes we will fail, but it is important not to give up. This book encourages us to not give up, no matter what we do. Every time we fail, we should try again and again until we get it right. So, to the young readers, let us not give up doing good!

**Book Title:**

Jon's Football Team

**Author:**

Ronne Randall

## STAFF DEVELOPMENT

Staff members are constantly trained to achieve set core values of excellence, leadership, team development, personal responsibility and service. This term we hosted Ms Shallon Mugabe, a John Maxwell Coach who facilitated training in areas of Relationships, Equipping, Attitude and Leadership. Staff development continues throughout the year and shall cover various areas of teaching, personal and professional development

## Birthday Corner

We bless the Lord for each student, and this term we said happy birthday to the following:

**Jayden**  
17 May

**Luke**  
08 July

**Leisha Grace**  
August 02

## MUSIC LESSONS

The music lessons commenced this term, and Thursday morning has turned out to be the highlighted of some of the students as they learn piano, guitar as well as musical notes with different songs.

The students always look forward to their lessons and are progressively honing their music skills.

## FUN FRIDAYS

The students get to unwind once a month and this term we had fun Fridays themed: favourite colour, favourite superhero and sports fun.

We shall soon incorporate parent and community participation into these activities as the school grows, and as we develop more infrastructure at the current campus and on the land already obtained for facilities expansion.

## ACCELERATED CHRISTIAN EDUCATION (ACE) CURRICULUM CORNER

### Advantages of using the ACE Curriculum:

- Foundation of Scripture, with Biblical principles, wisdom and character development.
- Recognition of the God-given uniqueness of each child.
- Placement of child at exact academic ability through diagnostic testing.
- Incorporation of goal setting and motivation.
- Encouragement of parental involvement.

**Registration is ongoing for all students.**

## LEARNING CENTRE PROJECTS

### Shekinah

This term's project was taken from the science PACE and its about God's world. We have been learning that the world was created in six days and on each day something different and unique was made. The story culminates into the creation of man and woman on the sixth day, to rule over every creature that God made.

### Spectrum

The Church is an amazing place we often go to seek the Lord and live in community with family, friends and neighbors. When we go to Church we find people involved in different activities: the choir, preachers, cleaners, ushers and many others known as our church helpers. So, our project was mainly from the art center identifying our different church helpers that work together to bring glory back to the Lord.

**Sunbeams**

As we learn to blend sounds and phrases, our vocabulary grows. We are working hard to learn to read, and are having fun blending words, and making sentences. For the phrases we were able to recognize this term, we blended words, and are fast becoming confident readers. In our project we made paper bags and glued on the words we can read to the bags – so our words are in the bag – literally.

**Shammah**

Our project focused on family members. We got to learn that God created our different families uniquely. In the art center students got a chance to color what the mothers, fathers, sisters and brothers wear. As we did this we enjoyed the use of colors, while thanking God for families, and the beautiful colors He created.

**Sweet pea**

The toddlers continued to learn about the many food varieties that God created, which stimulate the growth process. This term we focused on dairy products and enjoyed ice cream as one of the fun and enjoyable food choices that provides us dairy. Thank you, God, for the good food we have!
