

# Newsletter

**H**ello and welcome to our first newsletter. Our theme this year is God's love based on 1 John 4:16 "And so we know and rely on the love God has for us. God is love. Whoever lives in love lives in God and God in Him."

We thank the good Lord for the love He has shown us daily so far in this year. In spite of many challenges, as a school we were happy to partner with parents and start homeschooling on 01 March 2021. Our children have now settled in well into the schedule they have, and are enjoying their learning experiences.

We will be sending a newsletter once every term, and would appreciate your feedback and comments for improvement as we all embark on the great journey of learning for the children.

On 25<sup>th</sup> March, the school website was launched. Visit it at: <http://netzahschoolug.ac.ug> to always find the information you need about the school. Also continue to follow us on our other social media platforms:

## Important dates

The first term of our home schooling will end on 21 May, and term two will begin on Monday, 07 June 2021.

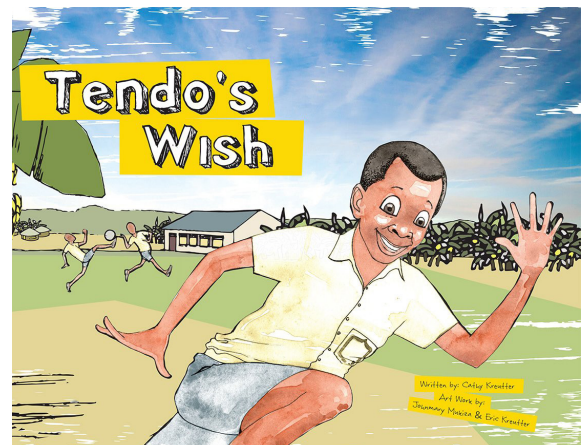

## Drop Everything And Read (DEAR)

At Netzah Kindergarten, learning to read is dear to us. We believe that every child should be able to read early, and often in order for them to become confident, life-long learners. We have a well-stocked library for that purpose, so encourage your child to read, and read to them, at any age. Our recommended book for this season is Tendo's Wish reviewed here.

Book title: Tendo's Wish.

Author: Cathy Kreutter

If you are a parent trying to teach your child to be kind to others, what better way to do it than to give them Tendo's Wish book to read and learn about how to put kindness in action! Your child will learn to read, and be kind at the same time and you will have hit two birds with one stone!

Visit the school's library to borrow a book for your child today.

## Student Accomplishments

Our first month of homeschooling nursery is worth celebrating! The boys and girls have done a great job of adjusting to our daily routine and there has been a lot of learning and improving for each of our students.

As the students grow and become more independent, their toilet habits have improved. We are happy to note that our four-year-olds are confident now about helping others, tidying up after themselves, being polite to others, and using the toilet independently.

## Rain, rain, go away?

The cold weather is great for plants and flowers but can sometimes be terrible for the little ones! Time to play outside is limited, soggy shoes make our little feet cold, and our noses run often! Remember to keep your child warm, keep those sweaters, jumpers and socks handy, and a hankie too for the cold, runny noses. Treat the coughs and flu, and smile, the sun will be out soon!

## Thank you so much!

The staff of Netzah Kindergarten is indeed grateful to all parents, families and friends for your continued support in all our activities and programs. We look forward to an even brighter future and stronger working relationship with you throughout this year and in the many years to come.

GOD BLESS YOU!

### WHY CHOOSE US:

We are setting high standards of education excellence; with committed early childhood teachers who maximize every child's potential.

OPEN 8:30am-5:00pm

Contact us now: 0706303668 or 0393243363  
Email: netzahschoolug@gmail.com

## Milestones

We are a family that loves to celebrate each other every chance we get, and so we heartily say happy birthday to the following children, and staff members!

↑ Lydia, 18 April

↑ Mavis, 29 April

↑ Harriet, 17 February

## Reminders

A child's most important cognitive development happens during their nursery school years and parent's involvement helps create more positive experiences for the child in the home and the world around the children. This strengthens a child's brain development.

As a school, we appreciate all our parents' involvement in the children's learning.

Our younger ones need to be reminded often to take turns, tidy up, wait in line, and wash our hands after using the toilet.

Sometimes though, toilet and bed wetting accidents will happen. Respond to these in a calm way, reassure your child that everyone has accidents sometimes and give them a change of clothes to keep them warm and clean after that accident happens.

## Looking forward ...

We have applied to the private international school's office in the Ministry of Education for permission to open next term. We are asking all staff and parents to pray for a positive response to our application.
