

# SEPTEMBER NEWSLETTER

NETZAH @5

**Hello**  
Netzah  
Family,

Welcome to our  
end of second term  
Newsletter 2025.

## Important Dates

*Parents Teacher Workshop*  
**06 September**

*Term three begins*  
**08 September**

*Fun Friday*  
**26 September**

*Mid-term break*  
**22, 23, and 24 October**

*Kindergarten graduation  
and end of year production,*  
**Saturday, 29 November**

This year marks a special milestone in our school's journey, five years of inspiring young minds, nurturing talent and building a strong, vibrant community. The vision has evolved into a thriving institution where students not only learn but also flourish in character, creativity and confidence.

Over the past five years, we have seen achievements in academics, sports, artistic showcase and countless memorable community moments that continue to shape the spirit of our school. None of this would have been possible without the dedication of our teachers, the unwavering support of parents and the determination of our students.

As we celebrate this 5-year anniversary, we look back with gratitude and look forward with hope. Our commitment remains the same to provide a nurturing environment where every child is valued, challenged and equipped to make a positive impact in the world.

# Netzah shines in the Bible Challenge

The grade students had the wonderful opportunity to take part in the Bible Challenge, an exciting competition that brings together schools to celebrate their knowledge of God's word. The event, organized by Watoto Church, was not only a test of memory and understanding but also a joyful experience of fellowship, teamwork, and spiritual growth.

The participating students prepared with dedication, studied scripture and encouraged one another along the way. Their hard work paid off as they confidently answered questions, demonstrated strong biblical knowledge and most importantly, showcased Christian values of humility, unity and respect. There was a preliminary event after which six finalists represented the school at the finals, and were awarded certificates.

Beyond the competition itself, the Bible Challenge was a reminder of why we value Christian education, training our students to be rooted in God's truth while excelling academically. It was inspiring to see their enthusiasm for the word of God and the way they represented our school with excellence.

We are proud of every participant and grateful to the teachers, parents and mentors who supported and guided them. Truly the Bible challenge was not just about winning but about hiding God's word in our hearts (Psalm 119:11) and growing together in faith.

## Young Minds, Big Ideas: Projects Inspire Creativity

The grade school students showcased their creativity and curiosity through a variety of exciting class projects. The initiative encouraged students to explore topics they are passionate about, apply what they have learned in class and present their ideas with confidence.

From art displays to model building, the projects reflected the unique talents of our young learners. Each child demonstrated not only academic knowledge but also imagination, problem-solving skills and teamwork.

Among the many impressive presentations was one by Nathaniel, who chose to focus on our community. His project highlighted the people, places and values that make our neighborhood special. Through drawings, maps and thoughtful explanations, Nathaniel reminded us of the importance of appreciating where we live and the role each person plays in making our community strong and united.

The class projects were more than just assignments, but opportunities for students to express themselves, build confidence and share knowledge in creative ways. We are proud of every learner who participated and grateful to the teachers and parents who guided them along the way.

## Fun Fridays; a burst of color and a 90's throwback

Fun Fridays are special theme days designed to bring students, teachers and staff together in a spirit of joy, creativity and community. These Fridays have quickly become a highlight of the term, reminding us that learning is not only about academics but also about creating lasting memories.

One of the most exciting themes was **color day**, where each class proudly dressed in vibrant shades. The atmosphere was filled with laughter, teamwork and a wonderful display of school spirit as students bonded through the simple joy of colors.

Another unforgettable Fun Friday was the **90's throwback day**. Students and staff stepped back in time with retro outfits, classic styles and nostalgic vibes. From baggy jeans and colorful prints to scrunchies and bold accessories, the day was a celebration of creativity and culture. The music, fashion and energy made everyone feel part of something special, sparking fun conversations across generations.

We look forward to many more Fridays filled with creativity, laughter and togetherness.

# Sports Day 2025

And it was a wrap! Sports day also marked the end of term 2, bringing together students, teachers and parents in a vibrant celebration of athleticism, and teamwork. From the opening prayers and worship and warm up aerobics, the energy on the field was electric. Students participated with enthusiasm across a wide range of activities including: 100 meters, relays, and sack race, to fun challenges that had everyone cheering. Each event was not just about competition but also about building confidence, resilience and the joy of giving one's best.

Parents and staff also joined in, adding to the excitement with friendly races and team games that created unforgettable memories. The cheers, laughter and applause echoed the heart of what sports day is truly about: unity and celebration.

Beyond the medals and certificates the day was a reminder that sports teach us important values discipline, teamwork, perseverance and respect. Every participant, whether running to the finish line or cheering from the sidelines, contributed to the vibrant success of the day.

## Parents' Involvement

At Netzah, we believe that the success of our learners goes beyond the classroom. Sports play a vital role in building teamwork, discipline and resilience and when parents get involved the impact becomes even greater.

This term, we were especially encouraged by the involvement of one of our parents in the football club under the sports program. Their active participation, cheering on the students, supporting the coaches and sharing valuable insights made a remarkable difference in the players' motivation and confidence.

Such involvement is a powerful reminder that when parents partner with the school, children feel a stronger sense of support and belonging. It helps them not only to perform better in sports but also to grow in character and life skills.

We hope to see more parents join hands with us in future activities. Whether it's attending matches, volunteering time or simply encouraging students every contribution helps nurture a thriving culture at our school.

## Parent-Teacher Conferences

At Netzah school, we deeply value the partnership between parents and teachers in shaping every child's learning journey. Effective term 2 and subsequently, **Parent-Teacher conferences** will be held in the middle of the school term.

This change has already brought meaningful benefits. By meeting earlier, parents and teachers can discuss a child's progress while the term is still ongoing. This allows room for timely interventions, encouragement and support where needed. It also ensures that all learner's strengths are celebrated and any challenges are addressed before the term ends.

The conferences have become a vital platform for open dialogue, teachers sharing academic and social updates, parents contributing insights from home and together creating strategies that help each child thrive.

All parents and guardians should attend these mandatory meetings, as they are an important opportunity to walk alongside your child's learning journey. With stronger collaboration between home and school, we believe our students will continue to grow in confidence, skills and character.
